IN HIS OWN WORDS

"PackRat is a great new program for recycling usable items such as books, tables, lamps, and clothes. We filled two moving trucks with material that otherwise would have been thrown away. Students were also able to find supplies for future use."

AED, or Alpha Epsilon Delta, was not simply a pre-medical honorary. It was an organization for students interested in health-related professions such as nursing, dentistry, or physical therapy. This pre-health honorary required initiates to have a 3.0 GPA overall and to be enrolled in pre-health classes.

IN HIS OWN WORDS

"The best place in Olin is Olin 255, the one with the greenhouse. I have most of my classes there, so I have become used to it. I also have a lot of memories of studying late in that room. The worst is Olin 120. I hate the classroom feeling."
